

# Aendiaena, Keep On Waiting

u were meant to be  
my everlasting girl  
and u have to see  
that's it's our love i will confirm

you'll find me waiting  
just as long as u be my baby  
when the morning will down  
i hope you'll be coming home  
yea, you're thrilling me  
how should i explain  
all you're givin'me  
is much more i can understand  
my heart goes crazy  
ev'rytime i can call u baby  
when the morning will down  
i hope you'll be coming home

cause i love it so much  
whwn i feel the warmth of your touch  
and i know that i'm in love with my baby

you'll find me waiting...

yes i want u know  
i wait'till you're coming home
