

# Aeon, With Blood They Pay

Show no mercy kill them all  
Standing at our doors  
They try to turn our minds  
Jehovah people they will burn  
Lies after lies they try to feed us with  
?The ending is now near  
For all Jehovah life  
Jehovah people they will die  
Satan your enemies is under your control  
We will kill sacrifice them all  
Show no mercy to our enemies  
We will make jehovah fall  
In your kingdom hall  
We will rape your women  
Fill them with our seed  
So our unholy race continues to grow  
You hide from us  
We are stronger we rise  
No more knocking doors  
Die with your lies  
Jehovah sluts  
Stands on their knees  
Waiting to be doomed  
Bloodbath we execute  
Every single one of them  
Make them feel when death arise  
Nail them hard to the ground  
Laughter from our lord satan  
When they die  
Suicide the only way out  
For the Jehovah sluts  
There is no escape from our kind  
We celebrate our victory  
Satanic rites  
Show no mercy kill them all  
Standing at our doors  
They try to turn our minds  
jehovah people they will burn  
Lies after lies they try to feed us with  
?The ending is now near
