

Aeone, Hands Of Love

Time stands in stilness before me
The shadows move closer towards me
I feel there's no end or beginning to life
And I'm lost at the edge of the storm
It's dark in the night
And I can't find the light - to guide us together...
Take my heart, give me rest
And heal me in the quietness
Take my breath - lift me up
And hold me in the hands of love...
I want to believe that you're near me
I'm calling your name - can you hear me?
I'm standing alone as the tears fill my eyes
And the rain's falling down to the ground
There's so much to say
But I can't find the way - to bring us together...
Take my heart, give me rest
And heal me in the quietness
Take my breath - lift me up
And hold me in the hands of love...
In the dark shades of winter
Let me wake to a moment of truth
(let me dream without sleeping)
Let me stand in the silence
Here with you...
Take my heart, give me rest
And heal me in the quietness
Take my breath - lift me up
And hold me in the hands of love...
Take my heart, give me rest
And heal me in the quietness
Take my breath - lift me up
And hold me in the hands of love...
