

Aereogramme, Paint Me A Picture

Paint me a picture
A picture of hope
A snow-coated valley
To watch from the window
And how long to go
I will return
I have never forgotten
Your face
My heart nearly broke
When I left you that day

I'm so cold and I
Don't know which way to turn
Will you wait for me
I'm coming home

Paint me a picture
A picture of home
A burning horizon
To watch from the window
I know there is hope
Paint me, embrace me
In your heart forever
By the way
There is something that
I've always wanted to say

I'm so cold and I
Don't know which way to turn
Will you wait for me
I'm coming home
