

Aerodrone, Nothing to Worry About

Aerodrone
The Spin EP
Nothing to Worry About
Don't worry
I don't have anything else
And I'm sorry
I'm not just gonna pretend
So I'm guessing what that means is that I'm not here

So it's settled! I don't really exist
You think it's tragic but I'm not missing a beat
So don't worry, go spread your love and I'll be fine tonight

So go get it
Find that someone who cares
There's plenty
That's why we're here today
It all makes so much sense but not to me!

And now you're staring
You think I'm somebody else
You want access but I won't let that go to my head
I'm one of many and we're all the same to you!

Another day will go to waste
And we will say how we could of changed
But don't worry! I'm not gonna change
Yea, don't worry I have no regrets
Cause everything that I truly feel will fall in place

And don't tell me that I'm not making sense
And don't tell me that I can't find my way
'Cause everything that I truly feel will fall in place
Will fall.. And now I'm done

..But you are still staring
You don't know why I am here
And all my words don't really mean anything
It's funny how things work out but I can't complain

So don't worry I don't have anything else
And I'm sorry I'm not just gonna pretend
So I'm guessing what that means is that I'm not here at all.
