

Aerodrone, Sceneboy

I need new shoes
I need new pants
The ones I have don't fit me right
My hair is boring to look at
I am so done with Supercuts
I want to scream, I want to shout
I feel so lonely and left out
But in my heart I know
That I'm a sceneboy, sceneboy, I know I am
and all the scenegirls, scenegirls will know my name
Cuz I will show them that I've got pink belts and seven jeans
Cuz I'm a sceneboy, sceneboy, I know I am
I'm feeling so much better now
My hair's jet black and in my eyes
My sister's pants really worked out
That bracelet on my wrist looks glam
The girls are noticing me now
They think I'm in some sort of band
But I know I'm just a phase you won't remember
in the end, you'll settle down and just forget
this ever mattered
But I will stay the same and follow all the latest trends
I'll be that sea of endless faces in the magazines
Cuz I'm a sceneboy, sceneboy, I know I am
And all the Scenegirls, scenegirls will know my name
Cuz I will show them that I've got Converse and vintage tees
Cuz I'm a sceneboy, sceneboy, I know I am
Sceneboy sceneboy, I know I am a sceneboy, sceneboy,
I know I am a sceneboy sceneboy, I know I am
