

# Aerosmith, Rock In A Hard Place (Cheshire Cat)

It was a take it or leave it kinda Saturday night  
I wish I could love you till the cows come home, make it right  
If it's a make believe I say it ain't, tell ya then  
Cause if it's a dream I'm in please wake me up and start again

Ooo, close your eyes and what do you see  
Ooo, look over how you could do with your only belief

She was a real tight manner  
Lies in over navver  
Hard core floozy  
Late nine to fiver  
Her second hand clothes  
Smiling like a cheshire cat

Said it was in and out and up and down the urchin moon  
Baby a certain situation on a sea I'm who  
Wasn't a ring around the roses pull a daisy chain  
Not with your head could tell me you ain't from there and back again

Ooh close your eyes and what do you see  
Ooh another but how what they do when you only believe in me

She was a real tight manner  
Lies in off a laughter  
Hard core floozy  
Late nine to fiver  
Her second hand clothes  
Smilin' like a Cheshire Cat

Give a good one, I want to be or not to be tonight  
Why should I hold her down in bed when you should ride me right?  
Why should you give it all you got, now mid's a make amends  
Boy you'll never mind your marker and drive the bends

Ooh close your eyes and what do you see  
Ooh another but look what they do when you only believe in me

She was a real tight manner  
Lies in off a laughter  
Hard core floozy  
Late nine to fiver  
Her second hand clothes  
Smilin' like a Cheshire Cat

A real time manner  
Lies in off a laughter  
Hard core floozy  
Late nine driver  
Smilin' like a Cheshire Cat
