

Aerosmith, Scream In Pain

It's sleepy sickness
That knows me well
It's all around me
My mind can tell

And all the children
They know my name
They scream forever
I know the pain

Oh, feel the pain
Oh, feel the pain
Oh, feel the pain
Oh, feel the pain

It's a sleepy sickness
That knows me well
She's got the fever
She's hot as hell

And all the children
They know my name
When night is coming
They'll scream in pain

Oh, scream in pain
Oh, scream in pain
Oh, scream in pain
Oh, scream in pain

Yayaya..
