

Aerosmith, Trip Hoppin'

Yeah...

I got a wild thing 4 u

We're talkin' hoops u got me jumpin' thru

U got those lemon drop martini eyes

And if my karma suits u

Cross the line

Into another place and time

Tell me how pretty she is when she turns the colors of the

Rainbow

One more day with u

Trip hoppin'

One more night with u

No stoppin'

Ain't no smokin' fantasy

Cuz lovin' u is trippin' to me

U got me psychodelisized

U got my situation bone-a-fide

It took a sunset to get me to see

That all I really needed was your love

To, yeah, forever shine on me

Promise promiscuities is like waiting for your ex-to-see that

One more day with u

Trip hoppin'

One more night with u

No stoppin'

Get my way with u

Trip hoppin'

In my kaleidoscope I'm lookin' thru

My only color was a neon blue

I was hanging on to yesterday

And now the only way out is through

One more night with u

One more day won't do

How beyond the rainbow is my

Laying on your emerald pillow

One more day with u

Trip hoppin'

One more night with u

No stoppin'

Ain't no smokin' fantasy cuz lovin' u is trippin' to me

One more day with u

Trip hoppin'

(Trip hoppin', hip hoppin', trip hoppin', hip hoppin');

One more night with u

No stoppin'

(Trip hoppin', hip hoppin', trip hoppin', hip hoppin');

Get my way with u

Trip hoppin'

(Trip hoppin', hip hoppin', trip hoppin', hip hoppin');

One more day with u

Trip hoppin'

(Trip hoppin', hip hoppin', trip hoppin', hip hoppin');

One more night with u

One more day won't do

One more night with u

One more day won't do

One more night with u

One more day won't do
