

aespa, Savage

Ohm, my gosh
Don't you know i am a Savage?

I am a killa
Who will break you!
You're still hiding and hallucinating

Beat you up
We holler
I am not afraid of you
Hit you harder

Push me in
Deep fake on me
To the inprepared stage
Got everybody mock up to me
You sjake me up sp that i feel ashamed
Cold spectators are collapsed
I can't stand you anymore
Say: NO!

Wait ans see
I am a little savage
Your dirty play
I can;t stand i tany longer

You want to break me
Your hallucinations are becoming
the reason to construct you

Gimme, gimme now
Gimme, gimme now
I sink for you liek a savage

What?
