

AFI, Man In A Suitcase

I'll invite you back to my place
It's only mine because it holds my suitcase
Seems like home to me alright
But it's 100 miles away from yesterday night

Must I be man in a suitcase?
Is it me, man with a strangers face...
Must I be man in a suitcase?
It it me, man with a strangers face...

Another key for my collection
I phone security, I wait for my connection
Bird in a flying cage you'll never get to know me well
The world's my oyster, my hotel room a prison cell

Must I be man in a suitcase?
Is it me, man with a strangers face...
Must I be man in a suitcase?
It it me, man with a strangers face...

I'll invite you back to my place
It's only mine because it holds my suitcase
looks to me like home to me alright
But it's 100 miles away from yesterday night

Must I be man in a suitcase?
Is it me, man with a strangers face...
Must I be man in a suitcase?
It it me, man with a strangers face...

Must I be man in a suitcase?
Is it me, man with a strangers face...
Must I be man in a suitcase?
It it me, man with a strangers face...

Man in a suitcase
Man with a strangers face...
Man in a suitcase
Man with a strangers face...
Man in a suitcase
Man with a strangers face...
Man in a suitcase
Man with a strangers face...
