AFI, OK, I Feel Better Now

There is nothing to me. There is nothing through

There was a time I had felt elation

Before all sensation died.

I cannot breathe.

I can't deny that I've been feigning,

For you, every vital sign defied.

This means nothing to me.

This means nothing so spare me the lies.

I deny you sympathy just as I have been denied.

I cannot breath.

I can't deny that I've been faking,

For you, every sign of life.

I died for the last lie,

And the heartbreak for the first time,

I could not take & amp; Isquo; til I made you cry.

This is what you taught me.

This is what you taught - and I learned well -

To recognize that feeling easily can be dispelled.

Show your wounds I'm bored with mine.

Nothing is new.

Don't despair I rarely cry.

Oh, my dear please dry your eyes.

Who could harm you?

To hurt you is to be despised, as I'd love to.
