

# AFI, Values Here

[Originally by Dag Nasty]

What'd you say  
When I said we'll be here through tomorrow  
In my heart and in my head  
Fear of failure  
Fear of reprimand  
Two big problems  
I've never had  
I never doubted what I had inside...what I have inside  
Values here in my heart  
And we'll be here through tomorrow  
Every day's a brand new start  
Fear of failure  
Fear of reprimand  
Two big problems I've never had  
I never doubted what you had inside...what you have inside  
Fear of failure  
Fear of reprimand  
Two big problems I've never had  
I never doubted what we had inside...what we have inside
