

AFI, Whatever I Do

Can't accept me for what I am
They'll do whatever they fucking can to make life hell for me
Destroy what I believe
They don't give a shit what they do

They try to stop me, whatever I do
They try to stop me, whatever I do

It means nothing to them
They'll do whatever they fucking can to make life hell for me
Destroy what I believe
They don't give a shit what they do

They try to stop me, whatever I do
They try to stop me, whatever I do
