

# Afrika Bambaataa, Zulu Nation Throwdown

Say what's the name of this Nation?

Zulus

Zulus

And who's gonna get on down?

The Cosmic Force

The Cosmic Force

Chitty-chitty-bang-bang, we are your main thing  
You listen to the song that she is gonna sing-sing  
We party all night to the people's delight  
Cause everybody knows that we rock out of sight  
Say we are the best in the creation  
We go by the name of the Mighty Zulu Nation  
We're the Mighty Zulus, we're one of a crew  
We're comin by, we're comin through  
We're worldwide and we're citywide  
Cause we shock the house, we shock it right  
We'll say a little somethin to let you know  
That my mellow Smitty D is on the echo  
We do a routine and put on a show  
And we dedicate it to the people we know  
We're one of a kind, we're easin the mind  
The Zulu Nation say time after time

To the party people out there, we want y'all just to know  
That we are the four MC's and we are the star of the show  
Aha, at every Zulu Throwdown, say this is what you see  
And hear the voice (I'm Chubby Chub) (Ice-Ice) (Little Ikey C) (Lisa Lee)  
We rock in the sunlight or any kind of weather  
Cause we are the Force (everybody) that has our act together  
We wanna party (party) dance (dance) and boogie all damn night  
Do-do-do-do, do, do, do-do-do-do  
We got to amaze all you people that we're one hell of a sight  
Do-do-do-do, do, do, do-do-do-do  
Say standin up here are the four MC's that's devine  
Do-do-do-do, do, do, do-do-do-do  
While the people at the door are just standin in one big line  
Do-do-do-do, do, do, do-do-do-do  
Now some of our voices are high, some are low  
Do-do-do-do, do, do, do-do-do-do  
But it don't make no difference, we can still all yell "ho!"  
Do-do-do-do, do, do, do-do-do-do  
Well, the song is almost over, and emceein is an art  
Do-do-do-do, do, do, do-do-do-do  
Because when the party's jumpin, that's when the four will start  
Do-do-do-do, do, do, do-do-do-do

Roll call, I want to get down  
Say roll call, we want to get down  
Say roll call, we want to get down  
We are the four MC's, don't need no help  
So (check out the way)  
So (check out the way)  
So check out the way we introduce ourselves

She's...  
Lisa Lee, and from the top of the key  
You know I'm guaranteed to be the queen of MC's  
He's...  
MC Chubby Chub from the heavens above  
No, I ain't never met a girl that I couldn'd shook up  
And he's...  
MC Ice-Ice, the shocker-rocker on the mic  
And doin it on, doin it high power, doin it right

And he's...  
Little Ikey C, and I'm the melody  
Now all you young ladies get sexy  
Do it

This is a story from the yesteryear  
Said before it was the wack, but now the ladies cheer  
Until we climb the ladder say one by one  
And while we did it, we spreaded some fun  
Say we change the tempo so you can clap your hands  
And then we add a little ( ? ) so y'all can dance  
And you like our style, which is just our voice  
So young ladies, come and pick your choice  
Chubby Chub  
Ice-Ice  
I'm Little Ikey C  
We are the three MC's  
Lisa Lee  
You're the queen  
Go girl  
Just get on the mic and do your own thing

[Lisa Lee]  
So put your hands in the air and listen to me  
Cause you listen to the voice of MC Lisa Lee  
Don't play no games, don't bite no style  
When you came through the door we gave you a smile  
We want you to get loose, get ready to rock  
We're gonna paralyze your mind and put you in shock  
We're gonna make you wanna yell, scream and shout  
We're gonna let you know without a doubt  
Exactly what we be about  
Rockin to the sounds that make you dance  
Make the ants crawl in your pants  
Put you in a music trance  
Listen to the beat and let yourself go  
Cause everybody knows this is nothin but a disco  
Rock, shock the sure shot  
This ain't a Broadway play or a high school plot  
It's the real deal that makes you feel  
Like, like you got sex appeal  
Now party people in the place you feel the bass  
Can you check out the highs, check out the grace  
So wallflowers in the house, this is your chance  
To show everybody that you can dance  
Punk rock to the left, and Patty Duke to the right  
Move your body now, you can do it all night  
These are the devastating words that you never heard before  
I'm Lisa Lee, hah, I got rhymes galore  
So young ladies out there, he's from the heavens above

[Chubby Chub]  
That's right, never met a girl that I couldn't shook up  
So won't you clap your hands and have some fun  
It's the super dynamite (huh) MC Chubby Chub  
You don't stop (hah) you don't stop (haha)  
Get it all together, girl, because we're startin to rock  
And to all the young ladies, yes his name is Chub  
Say I didn't come here to ask for your love  
Cause I'm a cool, cool kid with a healthy mind  
And I figure that ( ? ) will always take time  
I'm lookin for a girl that I can call mine  
When she walk down the street, the sun will shine  
And to all the young ladies, I'm talkin 'bout me  
Cause I'm lookin for a girl that's so unique

I'm not lookin for a girl that drives a car  
To me she'll always be my superstar  
Cause I'm lookin for a girl with a beautiful smile  
And a young lady that's worth my while  
Young ladies out there, don't you get uptight

[Ice-Ice]

Cause it's me, baby doll, MC Ice-Ice  
Just like a bike got wheels, sweet lemon peel  
Now the MC's, they know the deal  
That we always rock and we can't be stopped  
Wherever we rock and hit the latest spot  
I said the other MC's are standin tall  
But the taller they are, the harder they fall  
Cause we the, the Funkadelic on the microphone  
Because we are the MC's that's all alone  
And when we get on the mic it's back to back  
I said that we're the crew that leads the pack  
And we'll teach ya lessons that you'll never forget  
Because we are the MC's that ( ? )  
We're on to the crack of dawn  
We're on to the crack of dawn  
And young ladies, he's from the top

[Little Ikey C]

(He's) Little Ikey C and I'm the master rock  
Ya don't stop, ya don't stop  
Told you 'bout the ding-da-da-ding-da-ding-dingy-ding  
That thing that you call that body rock  
Now let me tell you somethin that caught my eye  
It was a real jazzy lady, she was so fly  
She had long hair and clothes so fine  
I said, "I'ma keep rappin until you're mine"  
I said, "I'ma rap for just about a hour"  
Cause I knew the young lady was surely high power  
And the way she moved was like a graceful swan  
And we can make love to the break of dawn  
And the way she move is like a graceful dove  
Say could it be I'm fallin in love  
"Will you be mine" is what I say  
Why don't you chill out, just gimme the play  
Ya don't stop  
Ya don't stop

Say what's the name of this Nation?
