

# Afrojack, Gone (feat. Ty Dolla \$ign)

If I give you what you wanted, can you keep it off the record?  
And when I turn on the camera, tell me, can you take direction?  
Perfection!

You know the suite is presidential, you about to get elected  
In the morning we can sip champagne and I'mma eat you up for breakfast, Delicious

Two times, you know I love that, love that, love that  
Thick thighs, you know I love that, love that, love that  
Talk nasty, girl I love that, love that, love that, love that  
Back up on me, I love that, love that, love that

All around the world,  
It's your turn  
We can take our time, this is slow burn  
Pop another pill, never sober  
Baby, planning on leaving your life around midnight  
Gone, gone, gone already  
Baby we'll be gone, gone already  
Gone!

In the morning we'll be gone  
In the morning we'll be gone  
You already know  
In the morning we'll be gone

Baby I don't wanna rush you, you know you control the tempo  
I bet you like it when I touch  
I do,  
Blow your mind just like a whistle,  
Official  
No we ain't gotta complicate things, just keep it nice and simple  
Nice and simple, nice and simple  
That's how we do it, how we do it all day,  
Baby girl you got potential  
If you want the info, I'mma give it to you!

Two times, you know I love that, love that, love that  
Thick thighs, you know I love that, love that, love that  
Talk nasty, girl I love that, love that, love that, love that  
Back up on me, I love that, love that, love that
