

Afromental, Fight For Your Life

Hmmmm, oh

Too much of anything can make you sick

Even the good can be a curse

Makes it hard to know which road to go down

Know when too much can get you hurt

Is it better, is it worse

Are we sitting in reverse

Its just like were going backwards (backwards)

I know where I want this to go

Driving fast but lets go slow

What I dont want to do is crash, no

Pre-Chorus:

Just know that youre not in this thing alone

Theres always a place in me that you can call home

Whenever you feel like were growing apart

Lets just go back, back, back, back, back to the start

Chorus:

Anything thats worth having is sure enough worth fighting for

Quittings out of the question

When it gets tough gotta fight some more

We gotta fight, fight, fight, fight, fight for this love x3

If its worth having its worth fighting for

Now everyday aint gonna be no picnic

Love aint no walk in the park

All you can do is make the best of it now

Cant be afraid of the dark

Pre-Chorus

Chorus

I dont know where were heading

Im willing and ready to go

Weve been driving so fast

We just need to slow down and just roll

Chorus

We gotta fight, fight, fight, fight, fight for this love x3

If its worth having its worth fighting for
