If you think your wrong, then you know your right

If your lovin me

dont let this silly girl distract you from me
all she wants is
to get you away from me, dont fall into that trap

He said, she said, we said, we dont need it
he said , she said , we said we dont need it. (hook)

I know you want me
but you cant have me
my love is tied up with my girl right now
you told her you saw me
just the other day, kickin it with the invisible woman

How could you try such a silly willy game
