

After 7, Honey (oh How I Need You)

Oh, how I need you, honey
Oh, how you bring me joy
Fulfill my life
Oh, how much I need you
Oh, how I need you, honey
Oh, how you bring my joy
Fulfill my life
Oh, I need you, yes, I do
You came to me, like words to a melody
For love, just for you and me
Now you're in my life, I feel no more strife
'Cause with you I'm happy
Oh, how I need you, honey
Oh, how you bring me joy
Fulfill my life
Oh, how much I need you
Oh, how I need you, honey
Oh, how you bring my joy
Fulfill my life
Oh, I need you, yes, I do
Ooh, baby, your sweet and tender touch
How it means so much
When it's coming from your heart
From your heart, from your heart
And, ooh, ordinary won't do
I'm glad I found someone like you
'Cause with you I'm happy
Oh, how I need you, honey
Oh, how you bring me joy
Fulfill my life
Oh, how much I need you
Oh, how I need you, honey
Like the flowers that need the sun
Like the grass that needs the rain
Oh, I need you, yes, I do, I do
