

After 7, Love's Been So Nice

Love's been so nice
Love's been so right
Love's been so nice
Love's been so right
I've been in love many times before, oh girl
But never has my love ever been so sure
Girl, I'm so glad that you could care
So much for me, oh baby
The girl is so bad, I can't believe
She belongs to me, yeah, yeah, yeah
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
Since you've been around
Love's been so right
I've been waiting for your love
But loves been over due
But never did I dream, girl
I'd find love so true
Girl, I'm so glad that I found you
You turn my gray skies blue
Girl, I'm so glad, I can be with you
You are my dream come true
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
Since you've been around
Love's been so right
Oh and I want you, girl
And I need you, darlin'
And I want and I need
Got to have your love
Yeah, yeah, yeah, yeah
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
Since you've been around
Love's been so right
Love's been so nice
