

After Crying, Don't Betray Me

Look for Ocean in the Sky
Like the soft deep of High
In the danger
Goblin will fascinate
Taste it don't be afraid
Leave me easy
If you call me and wait
Does your light emanate
Don't betray me
As wind blows us away
All the more I've to play
May me open
My gleam infernal star
Like me feel who you are
In the fire
I see through Goblin's game
Sky to Earth sticks again
Play with danger
As wind blows us away
Leaving immortals' stay
Don't betray me
You win...You win...
