

After Edmund, Thank God

Shaken by a love that makes me
Fall into your arms
Welcome to a place of safety
Where you keep me safe from harm
I'm hearing all the sounds around me
But I listen to my heart
Somewhere in the noise you found me
Tripping my alarm
Thank God I lost all my hope
In everything that isn't you
And I've come much too far
I'll never turn my back on you
Thank God I lost all my hope
In everything that isn't you
Thank God I found you
Fighting complication
I'm losing my control
I don't want to keep you waiting
I'm ready to let go
I'm tuning out the noise
