

# After Midnight Project, Scream For You

The anger won't leave me  
My blood still runs cold  
Forget all the glamor  
Forget all the gold  
Are you listening? Do you even care?  
Am I just a face or someone you trust?  
I fire on the mountain, a stranger on the bus  
A book without an ending, a rumor we all know  
Is true  
I'm just a book without an ending  
When I cry it means nothing  
Well I do, I am  
And I scream for you  
I'm surrounded by the poisons  
That feed off of greed  
I keep on laughing  
You're not taking this from me  
I'm book without ending, a rumor we all know  
Is true  
Just a book without an ending  
When I cry it means nothing  
Well I do, I am  
And I scream for you  
When I bleed it means nothing  
Well I do, I am  
And I scream for you  
I can't seem to learn  
The signs of being  
Who I am  
So I scream for you  
I don't know why  
I keep missing signs  
I'm loosing it  
I scream for you  
When I cry it means nothing  
Well I do, I am  
And I scream for you  
When I bleed it means nothing  
Well I do, I am  
And I scream for you  
And I scream for you  
And I scream for you
