

# Afu-Ra, Soul Assassination

(Intro: sample, Afu-Ra)

"Ten, nine, eight, seven, six, ignition sequence start  
Say it, assassin, assassin, one, take it again"  
Soul Assassins, Afu-Ra, yo, this how we do

(Afu-Ra)

You never heard of this, murderous, mic style superb with this  
Burn with this, learn with this, you couldn't swerve with this  
Or speed up on me in a high speed chase  
Shift the clutch and what, bump chumps, I rip it up  
I'm hangin' corners, type ship like Lamborghini  
You couldn't see me, solar rays scorch Houdini  
You know my essence, hip hop and energy  
Soul Assassinate ya, never hate ya  
It's deep thought, while you drink my Henneccy  
This deep sport, right where the winners be  
I'm takin' over, sounds glide like genocide  
I'm never sober, write my rhymes, like a roller  
It's so much colder, as you bounce into the lunar  
Don't be confused a second to get your wreck in  
Afu riggity Ra hit intersections

(Chorus 2X)

Don't make me wanna walk a winner  
Walk it iller, stalk a sinner, walk beginners

(Afu-Ra)

You can't stop the shiverin, quiverin, while I'm deliverin  
Unique stacks, put wack back, I came to bring  
Microcosmic author, comin' forth here, killa  
Mess around, you get stuck like Orca nigga  
Frontin like you was the boss and illa  
Britches got too big, don't make have to walk a sinner  
Next day maybe they have to come and chalk a winner  
One to tens is straight ate for dinner  
I don't devour, straight restricted to my roughage  
Bang like Yamaha, hooker to 1200s  
Stealth mode, cloak my dagger like a Klingon  
Soul Assassination, bring it on, yeah

(Chorus 4X)

(Afu-Ra)

You catch a mind bleed, eyes bleed, your ears bleed  
Your nose bleed, battle wit me, rhymes bleed  
My ship is stainless, orbits next your Uranus  
AS long as you know, train freeze likes of Pluto  
My wordplay firm-lay, in Zero gravi-tay  
I be the dentist and you, you be the cavi-tay  
Or neurosurgeon, brain work pathogen  
Fro your consumption, first thing is oxygen  
Throwin out 4 pages to be box ya in  
Lock ya in, rock ya sin, you'll see directions in  
Lifestyles, young urban perceptions  
Don't seek exception, touchin all side of the waters  
I dominate, accelerate, illuminate  
Exuberate, and motivate, exasperate

(Chorus 4X)
