

Aga Zaryan, My Lullaby

Sleep my baby don't you cry
Listen to my lullaby
I will give you all my love
I will give you all I have
All the things we'll do together
All the dreams we'll chase forever
Sleep my baby, don't you cry
Listen to my lullaby
You'll be loving, smart and strong
Like an eagle free and happy
I'll be with you all along
You'll mean always world to me
All the things we'll do together
All the dreams we'll chase forever
Sleep my baby, don't you cry
Listen to my lullaby
Now you're smiling in your dream
Wonder what's that happy theme
Are you flying in the sky?
Do you hear my lullaby?
May I fly with you together
Chasing our dreams forever?
Sleep my baby, sleep my love
Little Prince - I'd love to have...
