

Against All Authority, Killing The Truth

Conspire to control
The masses is your goal
The lies we've bought you've sold
But we're watching you
And every grassy knoll and bell tower too
Who's your next patay
The lies caught up to you
Speak till you're blue in the face
But we'll never believe you
We've weighed the evidence and what we conclude is:

He was the victim of a murder conspiracy
A peaceful man with a broken dream to
Unite the black and white
And speak out against a useless fight in
Vietnam then the business man said
We can't have you interrupting our plan to
Kill all the hippies boost the economy
And to control our freedom of speech

In the land of the free
If you stir things up you'll be put to sleep
By the bureau of investigation
They'll plan your annihilation
The click of a sniper trigger
We'll put the blame on a lesser figure
To confuse and distract
Fuck the First Amendment Act

Conspire to control
The masses is your goal
The lies we've bought you've sold
But we're watching you
And every grassy knoll and bell tower too
Who's your next patay
The lies caught up to you
Speak till you're blue in the face
But we'll never believe you
We've weighed the evidence and what we conclude is:

Another victim helps pave the way for you
One bullet made to many holes its true
You can't be trusted. And we can't undo
The things you've done and the things you'll do
To the next one of us that steps out of line
Do you think I'm trying to undermine the
Authority we've given to you
Or did you take it when you killed the truth

In the land of the free
If you stir things up you'll be put to sleep
By the bureau of investigation
They'll plan your annihilation
The click of a sniper trigger
We'll put the blame on a lesser figure
To confuse and distract
Fuck the First Amendment Act
