

Against Me!, Pretty Girls (The Mover)

What are you gonna say when she picks up the phone?
Should you leave a message if she's not at home?
I wanted to know if you'd like to see a movie or get a drink.
It would be cool just to be in your company.
And if she says yes know what intentions might be.
If one thing leads to another and there's some chemistry.
You cannot lie, you have to tell the truth.
You have to explain why this could never be, cause...

There are things that cannot be undone.
There are mistakes that will never be forgiven.
Sometimes at night, I pray to wake a different person in a different place.

Maybe we could just be friends.
I'm being a bit presumptuous.
The stomach churns, the mind starts to race.
You nervously start to exaggerate.
I just want to be young, I want to live.
God, I want to be healthy,
I don't want this problem.
You wouldn't think something like irresponsibility,
would complicate something like asking for some company, but...

There are things you must accept as said and done.
There are truths you must learn to confront.
You can pray all night and day.
You'll always wake the same person in the same place.

Drunk mouth ruined it again.
Sometimes I say the dumbest things.
Baby it's not you specifically it could be anybody.
I gone and built this up in my head and now it's all already over.
It's all ready over.
It's all ready over before it ever started.
