

Against Me!, You Look Like I Need A Drink

In the closest alley
In the first doorway
He pushed up against her
and closed his eyes.

He said: This is probably the worst decision that I've ever made.
She laughed and smiled.
She said: I'm sure you do this all the time right? Right? Right?
Right?! Right?!

And the morning came
and the city woke
and the building people all went to work,
as their out of town rides came
they parted ways she said: Do you know when you're coming back
again?
Dig it deeper, deeper and farther still,
bury it up and over and into the ground,
all these lies will grow in ways
that we never thought possible.

If you quiet down, down, down
it's so soft of a sound,
you can hear it all coming back after you.

If you quiet down, down, down
it's so soft of a sound,
you can hear it all coming back after you.

Now you want to take it back
you think you might've fucked up.
Waking dreams of concrete, deafening panic, cracked skull, all around,
get up, get up, please start breathing
and the moment will come when you finally realize
the results of decisions and choices in your life,
you hear it all coming back after you.

If you quiet down, down, down
it's so soft of a sound,
you can hear it all coming back after you.

If you quiet down, down, down
it's so soft of a sound,
you can hear it all coming back after you, you you....
