

Against The Current, good guy

I'm thinking that I've had it, I'm so sick
of playing in your fantasy, you always get the best of me
I waited, I hate it
You've got me feeling so weak

If I could act the way you do, I'd break the good I got for something new
But when you got something to lose, play it cool

First off, it's funny that you call us friends
After all the times when

I've seen your lows, I've seen your highs, so drop the "good guy"
Don't make me, don't make me, don't make me laugh
Fuck whoever taught you how to love like that
I'm driving home with dewy eyes for the last time
I used to hate you, now, I think you're sad
Fuck whoever taught you how to love like that

Don't know why I let you hold me down
If you wanted an enemy, you found a war in bed with me
I'm lethal and too proud
Won't quit till I've cut you down

You've never said you're sorry, that's alright
Now you wanna change the story one more time

I've seen your lows, I've seen your highs, so drop the "good guy"
Don't make me, don't make me, don't make me laugh
Fuck whoever taught you how to love like that
I'm driving home with dewy eyes for the last time
I used to hate you now I think you're sad
Fuck whoever taught you how to love like that

How to love like that, I think you're so sad
Fuck whoever taught you how to love like that
I've seen your worst, I've seen your highs
Now I can't believe that I fell for it bad
Fuck whoever taught you how to love like that, ha-ha

I've seen your lows, I've seen your highs, so drop the "good guy"
Don't make me, don't make me, don't make me laugh
Fuck whoever taught you how to love like that
I'm driving home with dewy eyes for the last time
I used to hate you now I think you're sad
Fuck whoever taught you how to love like that
Fuck whoever taught you how to love like that
I've seen your lows, I've seen your highs, so drop the "good guy"
