

Agata Dziarmagowska, KAWAII

Wake up at night
With my purse so tight ...
Got my diamonds on
Cause they match
My outfit right
My hair is on fleek
That's what mirror said
Tonight is the night
I will kill this game

Hello, hello
Tokio
Sing out loud
Hello, hello
Kitty shop
Is wher we buy
My babes hold my back
We are getting close
To the place that we girls love the most
Champagne
glitter pink shit
All night long
Bows, skirts, so hot
I think I'm gonna explode
Fluffy cute shit
I can't resist
So I just have to buy it
Cause this shit is so KAWAII

I just have to buy it
Cause this shit is so KAWAII
I just have to buy it
Cause this shit is so KAWAII
I just have to buy it
Cause this shit is so KAWAII

Bling, bling bitches
That's what makes me fly
The only thing I drive
Is my pink GTR
Kitties on my back sit
Make me meow
Gold Chain on my wrist
Make you wow!

I know the game
I know the rules
Bag full of money
Everything is yours
Take it, grab it
All that shit – you can have it!
All that shit – you can have it!
All that shit – you can have it!
All that shit – you can have it!
All that shit – you can have it!

I just have to buy it
Cause this shit is so KAWAII
I just have to buy it
Cause this shit is so KAWAII
I just have to buy it
Cause this shit is so KAWAII

Make-up on your face makes you younger

Make-up on your face makes you younger
Music and my clique makes me stronger
I can't be like basic bitch no longer
Without dress by Givenchy I'm still above you
