

# Agathocles, Alexandra's End / Outro

oh Alexandra with your dog-shit head  
I really hate the ideas that you spread  
you think your little club reigns supreme  
but we'll smash your fascist dream  
Alexandra's end - I feel the urge to kill you today  
Alexandra's end  
Alexandra's end- if I were you I'd surely go away  
Alexandra's end  
Alexandra's end- we'll impale you if you stay  
Alexandra's end  
Alexandra's end- they say plants can't feel anyway  
Alexandra's end  
your homophobic thoughts make me sick  
your fascist talks make me wanna throw a brick  
a brick in your face, that would be a laugh  
just suck the popes' dick and stick it up your arse  
Alexandra's end - I feel the urge to kill you today  
Alexandra's end  
Alexandra's end- if I were you I'd surely go away  
Alexandra's end  
Alexandra's end- we'll impale you if you stay  
Alexandra's end  
Alexandra's end- they say plants can't feel anyway  
Alexandra's end  
you think your little club reigns supreme  
but we'll smash your fascist dream
