

# Agathocles, Cheers Mankind Cheers

I feel so good among the human race,  
I feel so good in this white place  
I feel so good among the human race  
They're so kind to my mental case  
Cheers humanity - I'm happy as can be  
Cheers humanity - if someone's crying it won't be me  
Cheers humanity - I'm happy as can be  
Cheers humanity - I'm the last one to complain
