

Agent 5/9, Don't Deserve This

I'm still wondering why you're sitting here with me
And all the dumb things I do doesn't seem to matter to you
And I love how everything I say's is not stupid to you
And I love how you love me even though I goof around
And when you wear your hair down you look so beautiful
I don't know what to do
I think what I'm trying to say is that I love you
And I will never let you go
Don't deserve this, never will
But you seem to think different than I do
I'm still trying to understand why
This could be happening to a guy like me
And I will be the stupid boy who writes stupid songs in his room
On the guitar only to sing his guts out singing about you
I love just staring at you
Your eyes they make me feel different inside
And I wish you could be the same
But I know I'm not much to look at
I know I'm not the best guy around
But you make me feel so damn special
And every time you're near me it's a dream come true
And I wanna keep on dreaming
