

# Agent Steel, Never Surrender

They spit in your eye  
You'll never retreat...  
You resist their attack  
We await the command...  
Together we stand  
With mace In our hands...  
The comet burns bright...  
The Age is at hand...

They'll kidnap your child  
Dishonor your creed...  
You're clenching your fists  
Your hammer's up high...  
I'll finish the war  
And even the score ...  
Barbaric approach  
Their intent to destroy...  
Sweat drips from your  
Their kiss of Judas

[chorus] DON'T GIVE IN NEVER SURRENDER  
DON'T GIVE IN NEVER SURRENDER

As Orion burns  
All Race and Planets collide  
Through vengeance Command  
The troops drawing near...  
As destiny stands  
The tactics are clear  
Relinquish the fear  
The conquest is near...  
The comet burns bright  
The Age is at hand...

[chorus] DON'T GIVE IN NEVER SURRENDER  
DON'T GIVE IN NEVER SURRENDER

[harmony solo]  
They spit in your eye  
You'll never retreat...  
You resist their attack  
We await the command...  
Together we stand  
With mace in our hands...  
The comet burns bright...  
The Age is at hand...
