

Agnelli & Nelson, Holding Onto Nothing (Clubmix

When we touch
I feel something happen
When we breathe
All the world is undone

Stay with me
as my heart surrenders
Comfort me
as I fall I cry

Standin' in the rain
Twisted and insane
we, are, holdin' onto nothing

Feelin' every breath
Holdin' no regrets
We're, still, lookin' out for something

Standin' in the rain
Twisted and insane
we, are, holdin' onto nothing

Feelin' every breath
Holdin' no regrets
We're, still, lookin' out for something

Standin' in the rain
Twisted and insane
we, are, holdin' onto nothing

Feelin' every breath
Holdin' no regrets
We're, still, lookin' out for something

Standin' in the rain
Twisted and insane
we, are, holdin' onto nothing

Feelin' every breath
Holdin' no regrets
We're, still, lookin' out for something
