

Agnes Carlsson, Kick Back Relax

All those stars
Running through your brain
Passing through
Like a run-away train
Sleepless nights
Powering the fears
Brought you pain
And unnecessary tears
Let me show you
A sweeter way to exist
Let me show you
I've been looking out for your love
Kick Back Relax
Don't you know I've been looking
Out for your love, yeah
Kick Back Relax
Na na na na, oooh
Kick Back Relax
Don't you know I've been looking
Out for your love
Kick Back Relax
Na na na na, oh yeah
You look outside
There's nothing there to see
I'm inside of you
Where I will always be
No need to be, the man behind the mask
Let's remove it
All you need to do is ask
Let me show you
A sweeter way to live
Let me show you
I've been looking out for your love
Kick Back Relax
Don't you know I've been looking
Out for your love, yeah
Kick Back Relax
Na na na na
Kick Back Relax
Don't you know I've been looking
Out for your love
Kick Back Relax
Na na na na, oh yeah
You've been running like the wind
Too long, too long
Been fighting after goals
Too strong, too strong
It's time to put to bed
The voices at your head
It's time to listen to the heart
I'll be looking out for your love
Kick Back Relax
Don't you know I've been looking
Out for your love, yeah
Kick Back Relax
Na na na na
Kick Back Relax
Don't you know I've been looking
Out for your love
Kick Back Relax
Na na na na, oh yeah
Kick Back Relax
Don't you know I've been looking
Out for your love (Don't you know)

Kick Back Relax
Na na na na
Kick Back Relax
Don't you know I've been looking
Out for your love, yeah
Kick Back Relax
Na na na na na na
