

# Agnostic Front, Alright

What happened to the world today what  
Happens all you say what happened yesterday?  
All we do is watch our back sleep with  
This and fuck with death we're ready to attack  
I can't seem to find a better way  
I can't seem to think about today  
Now I'm never doing right  
Take a chance on what you feel and maybe  
You will start to feel alright!

Alcohol and violence all those skams  
And dirty tricks waiting for the tide to shift  
So your life is not on track shooting dope  
And smoking crack how long do  
You think you'll last?

Somebody told me no matter how you feel don't  
Forget to know what's real  
Situations everyday you can't make a difference  
If you turn the other way  
Nobody's right nobody's wrong can you see the  
Light outside before to long  
I've got my pride passed down from my fathers  
Side and you can never take it away

What happened to the world today what happens  
All you say what happened yesterday?  
All we do is watch our backs from aids  
Heartaches and death- fight it all  
Till my last breath!
