

# Agonoize, Lost You

I don't kill  
the words you say.  
I don't know  
what you talking about. (What you talking about)

I lost you in time..  
It's nothing to late!

But now I feel,  
that nothing,  
has talk off enough.

But now I feel,  
that nothing,  
has talk off enough.

Blind eyes,  
I looking back..  
Want to kiss,  
your lovely neck. (lovely neck)

Looking at you and I too pass strange.  
See that reality..

I think that us: you and me..  
I wonder (wow)..  
It could be.

But now I feel,  
that nothing,  
has talk off enough.
