

Agoraphobic Nosebleed, Cryogenic Husk

thaw the quaaludes from disneys cryogenic husk.

lift the curtains, flip up the skirt.

lets have a look at that old cunt.

sarin nerve gas and the four noble truths, rebirth and again raised the infinite idiot.

path leading to corpse, to cunt, to bio-terror catalyst.

sending it all to shiva in an envelope covered in anti-semitic and muslim graffiti.

all i want is to be on the winning team.
