

# Agoraphobic Nosebleed, Druggernaut Jug Fuck

Fuck burning a church  
Let's burn down schools and wildlife preserves  
Killed a baby bear with a hunting knife  
You're born. You do shit. You die.  
Do what thou wilt do without guilt or remorse  
Eat, drink, fuck the hugest whores  
Smoke, sleep and grind your fucking face off  
Smoke and smoke and I'm tripping my fuckin' face off  
We stay armed to the tits, you zero  
Eat, shit and die a hundred thousand times, you fuck  
Gonzo pornography  
She's got a ticket to grind  
You're born. You do shit. You die.  
First we're going to cut her  
Then we're going to fuck her  
Once, twice, three fucking times
