

# Agoraphobic Nosebleed, Flamingo Snuff

Nose deep in Jamaican armpit pussy  
Tongue-fuckin' the spider hole  
Freeing the grenade pin with my teeth  
Who says in Miami it never snows?  
Blast fuck that slut into outer space  
A blizzard of cocaine and gore  
Blast kilos up in my speedboat  
Dumping the bodies off shore  
Snooters in the nosebleed seats  
VIP in the skybar  
Had my dick out in the club  
Told the DJ to suck my balls  
It's that good, sticky Jamaican pussy  
Look at all the crystals and hairs  
Dreadlock tampon ragweed  
Crabs in G-string underwear  
I'll shoot you in the face, bitch  
I'll shoot you in the face, bitch
