

# Agoraphobic Nosebleed, North American Corpse

i had hoped for more of a struggle from this world as it died years ago.  
corpses still feeling good about a fifty-dollar blowjob.  
corpse still pussy-crapping ADD-encoded stillbirth.  
corpses still going dancing. cell phones all going off at once.  
looking fucking retarded for fucking retards.  
hustling up a cold necrophilic fuck.
