

# Aiden, She Will Love You

You say you're in love  
the curse has wrote  
this sonnet to the end  
You say you're in love  
this hostile can't pretend  
everything trashed  
and picture ask for something  
so perfectly aligned  
will you come to me?  
will you come to me?

Kiss me, quick I'm losing  
Why can't we live forever?

You say you're in love  
But beauty slides  
This silhouette, she screams  
Will you come to me?  
Will you come to me?

Kiss me, quick I'm losing  
Why can't we live forever?  
Kiss me, quick I'm losing  
But I'm missing this kiss

She will love you  
For all her life (all her life)  
She will love you  
Throughout the skies  
She will love you  
For all her life (all her life)  
And sing our lies forever  
Sing our lies together

Can you take me back so far away  
Can you take me back so far away  
There's something left...  
There's something left to say  
There's something left...  
You've got something left to say

She will love you  
For all her life (all her life)  
She will love you  
Throughout the skies  
She will love you  
For all her life (all her life)  
And sing our lies forever  
Sing our lies together  
(x2)
