

Aimee Mann, Just Like Anyone

So maybe I wasn't
that good a friend
but you were one of us
and I will wonder
just like anyone
if there was something
else I could've done

So maybe it's true that
your cry for help
was oh, so very faint
but still I heard
and knew something was wrong
just nothing you could put your finger on
and I will wonder
just like anyone
just like anyone
