Air - Hold Me Back

=====

Like you're holding me back,
Like you're dragging me under,
Like I'm losing my grip and falling down.
Like a gun against my head,
Like a weight around my neck,
Like a cat in the sack, life's slipping away.

Chorus:

I don't need to be told what I can't do,
Stop holding me back,
Stop holding me back.
I don't want to be told,
I don't need to relax.
Stop holding me back.
Nobody is innocent,
And nobody is normal.
Everyone is guilty,
And everyone is strange.
Nothing is forbidden,
Everything is permitted.
It's the way it's always been,
And it's never going to change.
Repeat Chorus
Take me away.
