

# Air Supply, Don't Tell Me

You were late last night, the candle burned so low  
And in my darkest hour I knew you had to go  
Did he hold you like I held you once before  
Is there someone else that loves you even more  
Don't tell me

Standing face to face the words just fall away  
But in my loneliness I knew just what to say  
Did he touch you where I touched you long ago  
Please don't answer, I don't really want to know  
So don't tell me

Don't tell me

Don't tell me

Don't tell me

Don't tell me

I have no more to give you

I have no room to share

I know the road I follow going nowhere

Don't tell me

Don't tell me

Don't tell me

Should I close my eyes and say I'm giving up

Can we compromise the darker side of love

Did he hold you like I held you once before

Since I lost your love I need you even more

Don't tell me lies

I have no more to give you

I have no room to share

I know the road I follow going nowhere

Don't tell me

Don't tell me

Don't tell me

Don't tell me

Don't tell me
