

# Air Supply, I Want To Give It All

Here I am again  
I've come to see you smile  
I know you understand  
I have to say again  
It's only for a while

And still you're always here  
Just waiting for my call  
I wish I knew a way  
To give more than I do  
I want to give it all

It doesn't happen every day  
But it happened to me once before  
Those early years I threw away  
Now I only have to hear your voice  
To make me feel so sure  
That your love is why  
I want to give it all

Don't the minutes fly  
And hours just seem so few  
With days apart so long  
It's hard to spend my time  
When I'm so far from you

And still you're always here  
Just waiting for my call  
I wish I knew a way  
To give more than I do  
I want to give it all

It doesn't happen every day  
But it happened to me once before  
Those early years I threw away  
Now I only have to hear your voice  
To make me feel so sure  
That your love is why  
I want to give it all
