

Air Supply, It's Not Too Late

(graham russell)

I stand alone I'm just a face in the crowd

I get lonely if the truth be said

Sometimes I want to cry out loud

But I try to understand instead

I wish I had the strength inside to walk right up to you

(chorus # 1)

It's not too late to fall in love

Accept your fate I'm the one you're thinking of

It's not too late so don't run away

I need you too, but it's hard for me

So hard for me to say

So I listen for the perfect moment

To rush to you, but my heart's too slow

Everybody here can see me stumble

Better wait until the lights get low

I wish I had the strength inside to walk right up to you

I wouldn't have to hide behind those doubts I know are true

(chorus # 2)

It's not too late to fall in love

Accept your fate I'm the only one you're thinking of

It's not too late so don't run away

I need you to

But it's hard for me

Yes it's hard for me

Yes it's hard for me

So hard for me to say

(repeat chorus # 1)
