

# Air Supply, Make It Right

I want you to brighten the days of my life  
I want you and I all alone to be together at night

I can't stand it  
The feeling when you're far away  
I want to wrap you up in my little world  
So you'll be here today

When we fly through the night  
Can't you feel the rush of 1,000 dancers  
come into your life  
I'll be there to make it right

If something is wrong, I'll make it right  
If something is wrong, I'll make it right

I want you to put your trust in me  
Say goodbye to all your heartaches as fast as you can  
I need you to surrender to me all your body and soul

And the spirit we seek will enter us both and make us complete

When we fly through the night  
And it feels like heaven's wings we're riding  
You've got to hold on tight  
If you feel like I do  
Knowing nothing can go wrong between us  
I'll be there to make it right, make it right

Know me, show me  
All your love  
You're here today  
You know you're here always  
You know I can't get enough  
You know I can't get enough

If something is wrong, I'll make it right  
If something is wrong, I'll make it right
