Air Supply, There's Nothing I Can Do

(graham russell)

I met you all alone yesterday
You knew my life was beating fast
The words I planned all walked away
And left us holding what we have

We shouldn't stay this long together
I came to tell you and now I know
The only chance of a love forever
Went so many years ago

I've told you there's nothing I can do
I've told you I've got to get to you

I'm not trying to bring you down
I know you can bring me out my darkness
I'm just trying to find your name
I'm just trying to find your name.
